TD 4: Exploratory Data Analysis

Exercise 1. Perform Exploratory Data Analysis (EDA) of the 5 following datasets

1. Basic Income Survey
<https://www.kaggle.com/daliaresearch/basic-income-survey-european-dataset>
2. Young People Survey
<https://www.kaggle.com/miroslavsabo/young-people-survey>
3. Education Statistics
<https://www.kaggle.com/theworldbank/education-statistics>
4. World Gender Statistics
<https://www.kaggle.com/theworldbank/world-gender-statistics>
5. World Happiness Report
<https://www.kaggle.com/unsdsn/world-happiness>

For each EDA prepare a script (or a notebook) that documents your findings.
